

DAN HUN PRECISION Corporation

2024. 05.

About us

DAN HUN PRECISION Corporation

Foundation

1986

Sales

6.7 billion (2023)

employees

60 (2023)

**Business
category**

automobile parts manufacturing,
UHP fitting parts, G.I fitting parts

Management philosophy

We believe customer satisfaction stems from qualified product development, High quality production, effective management.

STRATEGY

1. High quality products.

Customer satisfaction through thorough quality control.

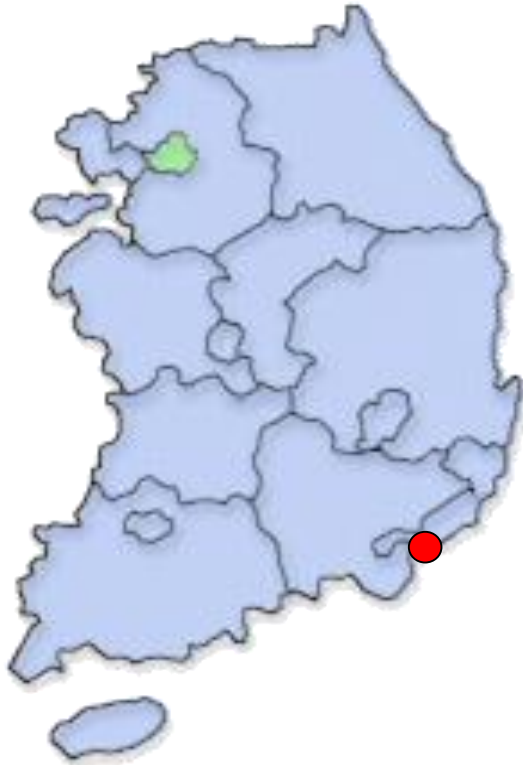

2. New market product development

Develop new business through development of hydrogen valves and EV vehicle parts.

3. Management efficiency.

Customer satisfaction through cost reduction through management.

● 공장 위치

Production Site

**140, Myeongnyesandan 6-ro, Jangan-eup,
Gijang-gun, Busan, Republic of Korea**

History

- 1986. 11 Established Daehun PRECISION
- start manufacture Electronic parts
- 1990. 09 Pressure cookers, kitchen appliances
- production of precision mechanical parts
- 1994. 10 copy machine - shaft/pin parts production _Exported to Japan.
- 2000. 08 Development for UHP Fitting parts..
- 2010. 01 Development for Lok fittings parts and Valves parts for General industry
- 2014. 01 Established a new plant at Gijang Industrial Complex.
- 2016. 06 Obtained Certificate of TS16949 :2016 & ISO 14001 : 2015
- 2018. 05 Obtained Certificate of VDA 6.3 Process Audit “B”
- 2020. 05 Obtained Certificate of T-SQ (HYUNDAI TRANSYS)
Development of hydrogen valve parts.
- 2021. 10 Obtained Certificate of M-SQ (HYUNDAI MOBIS)
