HOW TO USE THIS INFECTIOUS DISEASE PREVENTION PRODUCT

Patented spikemoss extract with excellent antioxidant effects

- Manufacturing mindset -

We select only safe ingredients and directly manufacture infectious disease prevention products that care for the skin with 100% environment friendliness and a mother's level of care.

STEP 1. Dab

01

HESSD Aroma oil 10ml

Oil blended with five nature-derived aroma oils. Dab two drops on the collar to relieve colds, coughs and rhinitis and build immunity.

Store in a cool place. / 6 months after opening

- ① HESSED aroma oil blended with five aromatic oils
- ② Excellent for cold, cough and rhinitis
- ③ Respiratory immunity enhancement

STEP 2. Wash

02

HESSD Hand Cleaner 250ml

Cleanses contamination on hands with rich foam. Apply No-wash Hand Cleaning Hand Lotion after use for double the antibacterial effect and moisturization!

Store in a cool place. / 6 months after opening

Focuses on fragrance and moisturizing

KEY POINT

- ① Rich foam with natural ingredients
- ② Rich moisturizing of hyaluronic acid
- ③ Color of bath bomb in hot spring water

STEP 3. Apply

03

HESSD No-wash Hand Cleaning Hand Lotion 100ml

Are your hands dry due to frequent use of hand sanitizer? Try antibacterial hand lotion that is safe for the whole family.

Store in a cool place. / 6 months after opening

Fermented wine gives the hand lotion antibacterial properties

- ① **Selaginella tamariscina fermented wine** - Replacing disinfectants and preservatives, Selaginella tamariscina fermented extract acts as an antibacterial agent rather than a sterilizer to safely protect your hands.
- ② **Aloe gel** - Moisturizes and soothes the skin and is effective for mosquito and insect bites.
- ③ **Aroma oil** - Lemon and lavender oils provide a subtle herbal fragrance. It sterilizes and whitens, and the more you use, the more beautiful your hands become.

STEP 4. Spray

04

Multipurpose OK 1L

Antibacterial deodorizing cleaner safe for the respiratory system and skin. With 10 percent dilution, you can stop COVID-19 in its tracks.

Store in a cool place. / 6 months after opening

Antibacterial and deodorizing cleaning all in one

- ① All-purpose, all-purpose cleaner
- ② Removes 99.9%
- ③ Clothing, bedding, cleaning, washing, Escherichia coli, Pseudomonas aeruginosa
